Just go to iTunes for apple or Play Store for android and download the app and set up your account then never put in your code at the key pad again!

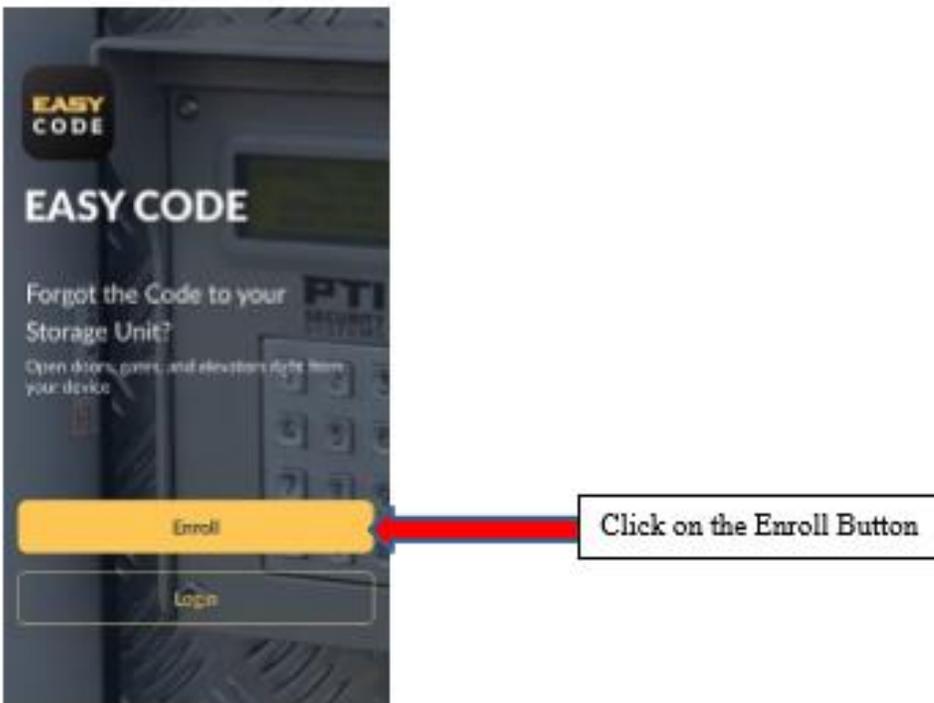

Download Easy Code 2.0 app

Google Play

Apple App Store

Once the app is downloaded, you should see this screen

Enter the Site Key

NOTE: The site key is the 10-digit alphanumeric code on the site key cards your facility staff will provide you with

NOTE: Location services need to be turned on while EasyCode is in use

The screenshot shows the 'Sign Up for Secure Access' screen. At the top, it says 'Sign Up for Secure Access' and 'Enter the authorization code sent to your email address or mobile number.' Below this is an 'AUTHORIZATION CODE' field with a red 'X' over it and a red arrow pointing to a yellow box that says 'Do not enter 10 digit site key here'. Below that is a 'SITE KEY' field labeled '10 Digit Site Key' with a red arrow pointing to a box that says 'Enter the 10-digit Site Key'. At the bottom is a 'Next' button with a red arrow pointing to a box that says 'Click on the Next Button'. At the very bottom, there are links for 'SEND NEW CODE' and 'ENTER SITE KEY'.

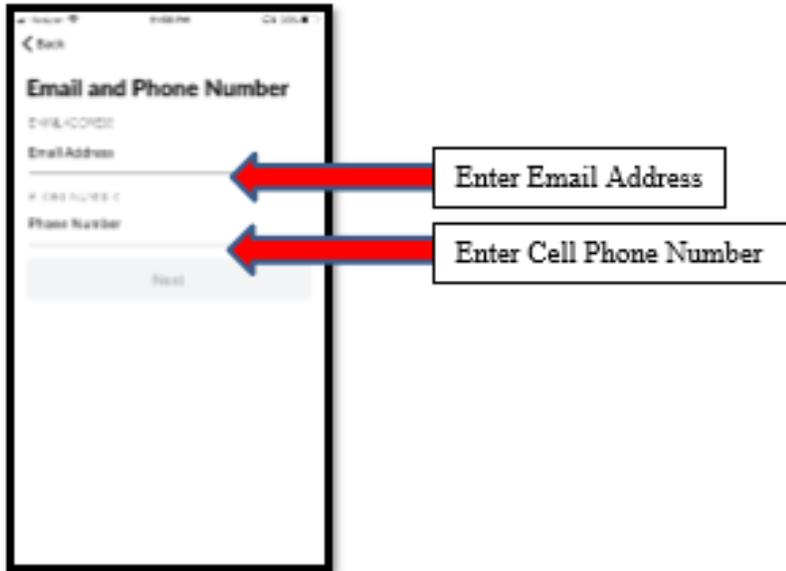

Enter Access Code and Last name

NOTE: The Last Name does not need to be capitalized, but does need to be spelled the same as the Last name associated with the Access Code

The screenshot shows the 'Access Code' screen. It says 'Access Code' and 'Enter your assigned access code to quickly access your storage facility.' Below this is an 'ACCESS CODE' field with a red arrow pointing to a box that says 'Enter Access Code (* and # are not needed)'. Below that is a 'Last Name' field with a red arrow pointing to a box that says 'Enter Last Name'. At the bottom is a 'Next' button.

Enter your Email Address and Phone Number

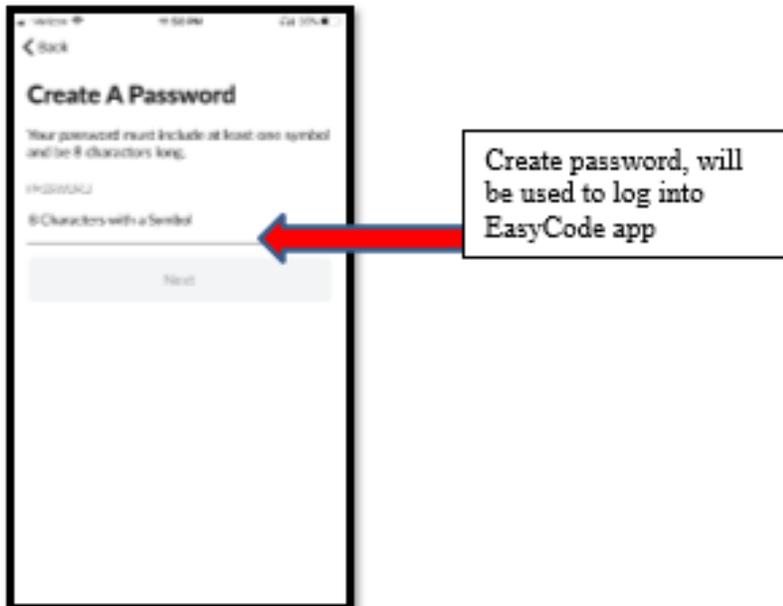

NOTE: Phone Number is the **cell** phone number of the phone being used to setup EasyCode on

The screenshot shows a mobile application screen titled "Email and Phone Number". At the top left is a "< Back" button. Below the title, there are two input fields: "Email Address" and "Phone Number". A red arrow points from a callout box labeled "Enter Email Address" to the "Email Address" field. Another red arrow points from a callout box labeled "Enter Cell Phone Number" to the "Phone Number" field. At the bottom of the screen is a "Next" button.

Create a Password

NOTE: Password needs to be 8 characters with at least one special symbol

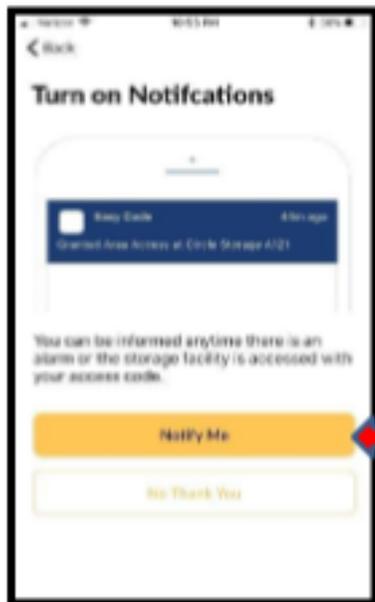

The screenshot shows a mobile application screen titled "Create A Password". At the top left is a "< Back" button. Below the title, there is a note: "Your password must include at least one symbol and be 8 characters long." Below this note is a password input field with the text "8 Characters with a Symbol" above it. A red arrow points from a callout box labeled "Create password, will be used to log into EasyCode app" to the password input field. At the bottom of the screen is a "Next" button.

Turn on Notifications

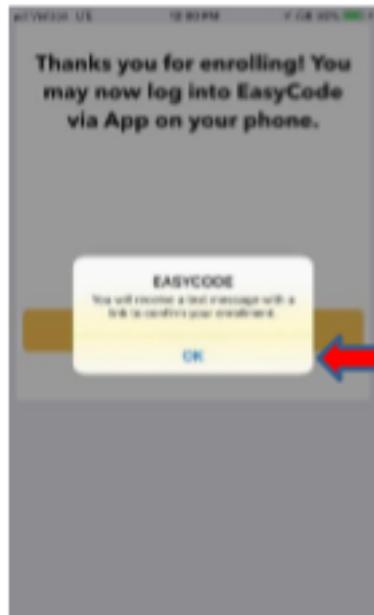

NOTE: We recommend that all customers receive push notifications

NOTE: If you decline to receive push notifications, you will not be automatically notified when your access code is used or if an alarm is triggered or deactivated

Click on 'Notify Me'

Enrollment Complete

Click 'OK'

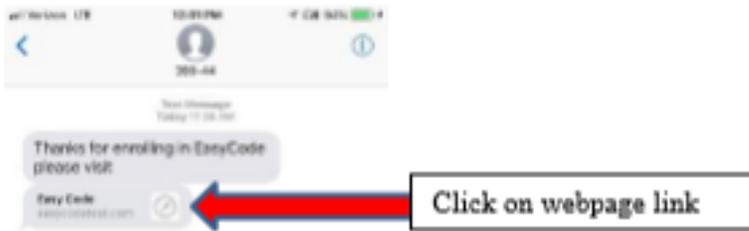

Click OK and go to Text Messages

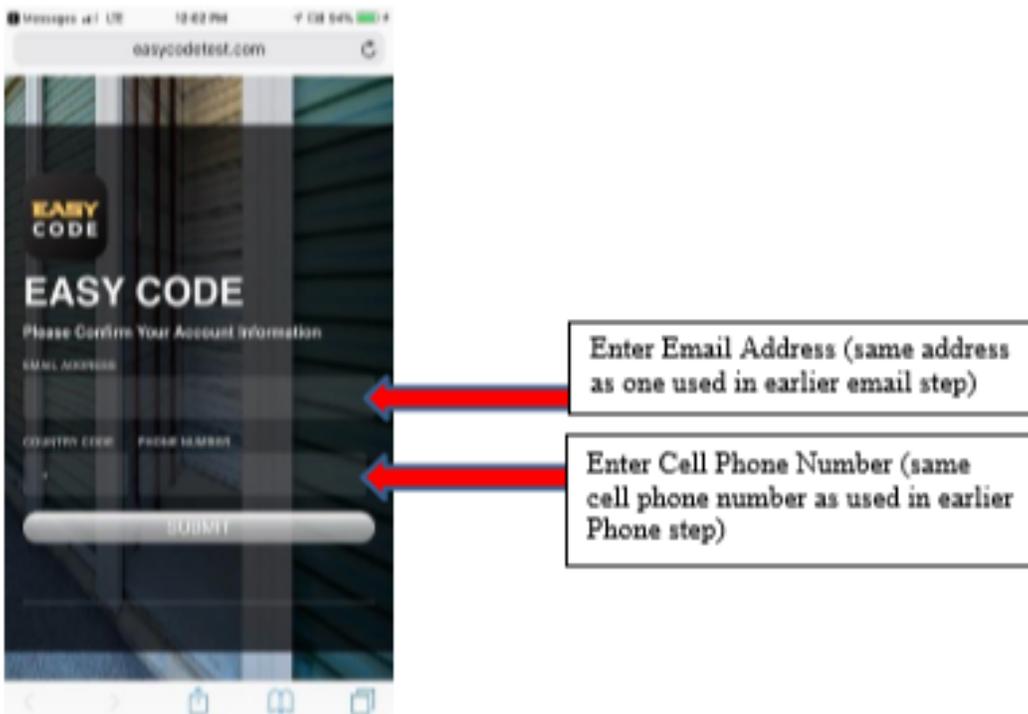

Text Message: Tap to Load Preview

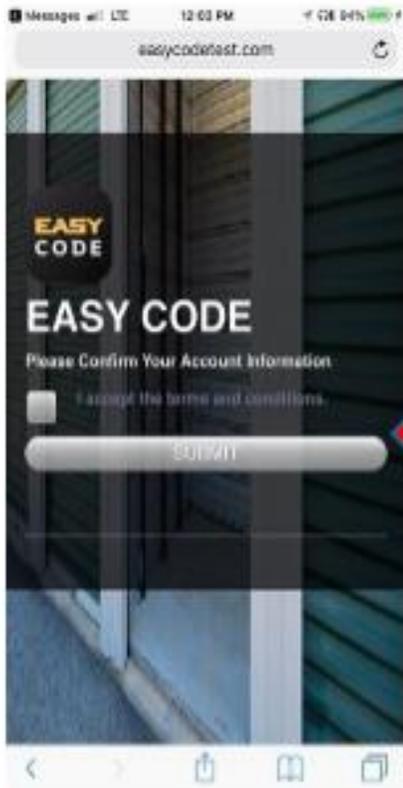

Click on Easy Code webpage link to continue verification process

Confirm Account Information
